

# *Come along and share in the creation of a vision for the Waikato!*

Arts Waikato are holding workshops around the region to get feedback from the community about their proposed vision:

**'By 2020 the Waikato region will be the most vibrant, creative & expressive community in New Zealand'**

**Is this the vision we want for our region?**

**Do we need a regional brand for the arts in our region?**

**What do we need to do to make this happen?**

**Who needs to be involved?**

**Please see overleaf for a workshop in your area**
